2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

About Our School

Cold Springs High School is a Necessary Small School with 2 students currently enrolled. It is a part of the Summerville Union High School District which serves a total of 644 students.

Cold Springs High has a Principal and two grade level coordinators (GLCs). The GLCs' duties include counseling, scheduling, discipline, career guidance, and teacher evaluations. Each GLC remains with his or her class for all four years of high school to maintain continuity in the educational programs for students.

Cold Springs High School is located in the small town of Long Barn in the old government building which it shares with Long Barn High School. Some of the students enrolled in Cold Springs High School live in this remote area of the district. Others are placed there in order to access the benefits of the small school climate and low teacher to student ratio. Cold Springs High School has 1 full time teacher and two part time teachers. Students have access to two teachers each day and receive curriculum and instruction appropriate for their individual needs and graduation plans. Students access curriculum through APEX and through direct instruction and district adopted curriculum.

GUIDING PRINCIPLES: SUMMERVILLE UNION HIGH SCHOOL DISTRICT

Vision Statement:

Summerville High School District: Preparing students for college, career and life.

Mission Statement:

By providing quality education, Summerville High School District prepares students to become effective communicators, critical thinkers and responsible citizens who value lifelong learning.

The Core Values of our Professional Staff:

1. Improving Student Learning

We strive always to improve student learning. Our aim is to prepare all students for success in college, career, and service to the community. We expect all students to learn at the levels necessary for success, and we modify our instruction to ensure

2022-23 School Overview

that all students learn.

2. Teamwork

We work in teams. We value collaboration, cooperation, and communication to best work together to maximize student learning. We believe we all work better when the school community works together: teachers, support staff, parents, community, and students. We are adaptable, flexible, and consistent.

3. Respect

We respect one another, our students, our workplace, the work we do, and the community we serve. Our students learn best in a safe, clean, positive atmosphere of caring, empathy, and sincerity. We prepare students for success by consistently modeling responsible behavior and responsiveness to student needs.

4. Professionalism

We are professionals, and we serve students at a professional level. We know how to do our work effectively and we learn from experience. We are committed to continuous improvement of all aspects of our institution. We set clear goals and follow through to meet them with consistency, integrity, and dedication. We hold ourselves accountable for student learning and work to improve it.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Cold Springs High School facility was originally a county building in Long Barn. It houses both Cold Springs High School and Long Barn High School. The roof was replaced over the summer of 2020. While the plumbing is old and outdated, sinks and toilets are working but require occasional maintenance.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	--	N/A	48	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Cold Springs High School offers courses through APEX. Many courses specifically focused on career preparation and preparation for work are available through this online learning platform. These courses meet a variety of elective requirements, graduation requirements and A-G requirements. Courses of study are individualized based on student interest and need in order to complete a high school diploma and in order to prepare students for careers and college.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents are invited to participate in the School Site Council and Athletic Boosters; volunteer for theater productions, club activities and field trips; and serve as members of the Sober Grad committee. Every six weeks, a newsletter is mailed home to all parents with information about upcoming meetings and events, encouraging parent participation. Weekly campus automated phone call updates are sent to parents via School Messenger and email to keep them informed of events and health public health information. At the start of each school year, administrators host an orientation for all parents who are new to the district.

2022-23 Opportunities for Parental Involvement

For academic progress, Grade Level Coordinators mail home letters to the parents of students who are in danger of failing classes after each grading period to keep parents regularly updated about their child's graduation progress. For school delays, emergency situations, and general information that must be received by parents in a more timely manner, the district utilizes School Messenger for automated phone calls. Parents are also able to log in to PowerSchool and check their child's grades in real time. Parents are encouraged to contact teachers and Grade Level Coordinators if they have any concerns regarding their child's performance.

C. Engagement

State Priority: Pupil Engagement

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The School Safety Plan is a district wide plan which is reviewed and updated each month with the School Site Council, which includes parents, staff and students. Several modifications to the safety plan have been made in the past three years. The safety plan is annually presented to the Governing Board in March of each year. The last approval was in March, 2022.

The key elements of the plan include:

- On site and off site evacuation;
- Secure school situation;
- Duck and cover;
- Lockdown for active intruder;
- Suicide prevention and response;
- Natural disasters and weather related emergencies
- Physical and social climate.

Professional Development

Three full days are set aside each school year for inservice training for the teaching staff. In addition, monthly staff meetings are used for both the presentation of information, discussion, and professional development. Teachers are encouraged to attend professional development off campus as well. For example, AP Institutes, CAASPP trainings, and NGSS trainings for science teachers. This year our math and science departments received an additional 2 days of professional development.

During the 2019-2020 school year, Math teachers participated in professional development with a math trainer including training in High-yield Math Routines. The Special Education Coordinator attended the ACSA Special Education Academy in Sacramento. Administrative staff has provided multiple training opportunities to staff on differentiated instruction strategies , CPR and First Aide, state mandated safety training and regular training as safety plan continues to be updated.

During the 2020-2021 school year, professional development focused heavily on distance learning tools and technology. These trainings were provided by Tuolumne County Superintendent of Schools. Further, targeted staff received APEX training, as we expanded our online learning courses in response to a larger number of students seeking distance learning or independent study placement due to the COVID-19 pandemic. Finally, staff received training in responding to students with emotional health needs/ students in crisis through our district crisis counselors.

Focus during the 2021-2022 school year has included continuing professional development with a math trainer including training in High-yield Math Routines. To address an increase of students struggling with depression and anxiety as a result of the COVID pandemic, staff professional development has focused heavily on mental health support practices.our district crisis counselors.
