2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
	- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
	- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The Connections Visual and Performing Arts Academy is a charter school serving grades 7-12 located on the Summerville High School campus in Tuolumne, California. Connections VPAA opened its doors to 50 7th and 8th grade students in the fall of 2002. Each year after that, one more grade level was added, until Connections had its first graduating class in June of 2007. Connections students typically make up about 1/3 of the student body population on the comprehensive high school site on a year-to-year basis.

Connections VPAA and Summerville High School have a unique and cooperative relationship. The two programs are integrated on the same school campus, and students in each school benefit from the programs offered. The focus of Connections is visual and performing arts, and has drawn students from throughout the county who have a strong interest in these courses. Because of the strong enrollment in this program, several levels of art, film and photography, choir, theater, music and dance classes are available, which strengthens the elective program for both Summerville and Connections students. Connections students are in turn able to benefit from the strong academic program existing at Summerville High School, and participate in athletics, ASB, school clubs, and the school band.

2023-24 School Description and Mission Statement

Another benefit of operating as a charter school is that students who live outside of the Summerville High School District attendance boundaries may attend Connections without applying for an inter-district attendance agreement. Students choosing to enroll in Connections sign an academic agreement which requires students to commit to enrolling in two visual and performing arts electives each semester, maintain grades of C or above, and demonstrate good attendance and behavior. Academically, Connections VPAA students have performed very well on standardized tests.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Connections Academy operates on the Summerville High School campus. Summerville High School completed a new covered eating structure over the summer of 2019. Construction of a new art building was completed in the fall of 2019. Due to budget concerns rlated to the COVID pandemic the district has paused the plans for replacing the 400's wing. This project is part of the 5-year deferred maintenance plan. An updated phone system was installed during the summer of 2019, and the fire alarm system was updated as well. The bell system was updated in the fall of 2020.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Connections Visual and Performing Arts Academy in conjunction with Summerville High School offers several courses specifically focused on career preparation and preparation for work. During the 2023-2024 school year these courses include: Intro to Agriculture, Ag Biology, Advanced Animal and Plant, Manufacturing, Mechanics, General Automotive, Advanced Automotive, Intro to Robotics, Intro to Programming and Biomedical Innovations, Medical Interventions and Human Body Systems. These courses meet a variety of elective requirements, graduation requirements and A-G requirements. They prepare students for career and college. Several CTE Pathways provide an avenue to work upon completion of high school. Teachers practice differentiated instruction and make appropriate accommodations for Special Education and Section 504 students in order to ensure all levels of learners have accessibility to CTE courses. CTE courses and pathways are evaluated annually to ensure they are meeting the needs of our student population. Evaluations consist of student performance data, course content review, stakeholder feedback, and student surveys to determine which courses will be offered the following year. The primary representative of the district's CTE advisory committee is Rachel Castongia. Industries represented on the committee include Auto, Agriculture, Biomed, and Computer Science and Robotics.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent involvement is a critical element of the success of the Connections VPAA and its students. Parents have formed an active booster club, "C.A.S.T.", which is the acronym for the "Creative Arts Support Team" that supports the program through fundraising endeavors. There are also monthly meetings of the Connections Advisory Board, comprised of eight elected parents and the Connections Grade Level Coordinator. On a regular basis, 10-15 parents attend the Advisory meetings to discuss budget, programs and upcoming events.

Parents are invited to participate in the School Site Council and Athletic Boosters; volunteer for theater productions, club activities and field trips; and serve as members of the Sober Grad committee. Every six weeks, a newsletter is mailed home to all parents with information about upcoming meetings and events, encouraging parent participation. Weekly campus automated phone call updates are sent to parents via School Messenger and email to keep them informed of events and health public health information. At the start of each school year, administrators host an orientation for all parents who are new to the district.

For academic progress, Grade Level Coordinators mail home letters to the parents of students who are in danger of failing classes after each grading period to keep parents regularly updated about their child's graduation progress. For school delays, emergency situations, and general information that must be received by parents in a more timely manner, the district utilizes School Messenger for automated phone calls. Parents are also able to log in to PowerSchool and check their child's grades in real time. Parents are encouraged to contact teachers and Grade Level Coordinators if they have any concerns regarding their child's performance.

Professional Development

Three full days are set aside each school year for inservice training for the teaching staff. In addition, monthly staff meetings are used for both the presentation of information, discussion, and professional development. Teachers are encouraged to attend professional development off campus as well. For example, AP Institutes, CAASPP trainings, and NGSS trainings for science teachers, and vertical alignment PD offered through TCSOS.

The Special Education Coordinator attended the ACSA Special Education training in Palm Springs the last two years.

Professional Development

Administrative staff has provided multiple training opportunities to staff on differentiated instruction strategies , CPR and First Aide, ALICE, state mandated safety training and regular training as safety plan continues to be updated.

Focus during the 2021-2022 school year has included continuing professional development with a math trainer including training in High-yield Math Routines. To address an increase of students struggling with depression and anxiety as a result of the COVID pandemic, staff professional development has focused heavily on mental health support practices for our district crisis counselors.

Professional Development in the 2022-2023 and the 2023-2024 school year has focused on department collaboration and alignment across grade levels and subject areas.

This table displays the number of school days dedicated to staff development and continuous improvement.
