

Summerville High & Columbia College

APPLE APP CAMP

In this 3 week playful and hands-on camp, students will learn to build mobile apps using Apple software and hardware tools. Each day will be divided into a morning session, lunch, and then an afternoon session. In the morning session, leveraging Apple's Swift Playground environment, students will learn the fundamentals of programming (commands, loops, logical operators, variables, arrays, functions, etc.). In the afternoon session, students will leverage their newfound programming skills alongside Apple's creative tools (GarageBand, Clips, and iMovie) and the code.org app lab environment to build their own multi-media apps and games. There is no cost to attend the camp; lunch is included. No experience is necessary.

WHERE: COLUMBIA COLLEGE CAMPUS

WHEN: Session 1: Tuesday 6/20 - Friday 7/7 (no 7/4)
Session 2: Monday 7/10 - Wednesday 7/26.

WHO'S ELIGIBLE: All Currently Enrolled Summerville Union High School District Students

9:30 am to 2 pm each day • Lunch Provided
