WORK ORDER AGREEMENT

TERMS FOR GEOTECHNICAL, CIVIL ENGINEERING and SPECIAL INSPECTION SERVICES

We are pleased to acknowledge the following work assignment. CONDOR EARTH TECHNOLOGIES, INC., hereinafter referred to as CONDOR, agrees to perform, and CLIENT agrees to pay for services performed in accordance with the scope of work set forth in this WORK ORDER AGREEMENT (AGREEMENT). This AGREEMENT supersedes any and all negotiations, correspondence, or agreements either written or oral.

ORDER RECEIVED BY: Andy Kositsky DATE: June 14, 2016

AUTHORIZED BY: Warren Van Bolt PROJECT NO.: 6865

INVOICE TO: Summerville Union High School District
Attn: Warren Van Bolt
17555 Tuolumne Road
Tuolumne, CA 95379

NAME OF JOB: Summerville High School Modernization – Path of Travel

LOCATION OF JOB: 17555 Tuolumne Road, Tuolumne, CA

SCOPE OF WORK (attach additional sheets as needed): Materials testing and inspection services, per client's request on a time and materials basis. Q

FEES TO BE CHARGED* \$6,925.50, performed on a time and materials basis, per attached Cost Estimate dated June 10, 2016, and billed in accordance with Condor's Fee Schedules (attached).

The "Terms for Geotechnical, Civil Engineering, and Special Inspection Services" dated May 7, 2014, #6865 are part of this AGREEMENT.
 * Fee schedule, if attached, is considered part of this AGREEMENT.

The parties have read the foregoing, understand completely the terms, and willingly enter into this AGREEMENT effective on the date signed below by CLIENT.

TERMS FOR LABORATORY TESTING SERVICES FEE SCHEDULE AND STANDARDS

April 2016

GENERAL

It is customary to perform sampling, drilling, testing and certification work in accordance with applicable or designated recommendations of the American Society for Testing Materials (ASTM), American Association of State Highway and Transportation Officials (AASHTO), or other pertinent agencies. Test Standards for routine services are shown to define the test method followed for the charge listed; alternate standards or procedures may be followed at the client's request. When this fee schedule is referenced with intent to contract for field services, Condor's "Terms for Geotechnical, Civil Engineering and Special Inspection Services" is considered a part of these General Conditions. When this fee schedule is referenced with intent to contract for laboratory testing services only, Condor's "Terms for Laboratory Testing Services" is considered a part of these general conditions.

ROUTINE SERVICES

Unit charges listed herein are for routine work only and include a report of results without special comment or analysis of data. These charges include labor, associated equipment, maintenance, and consumable material costs. Services for unit-priced items follow routine procedures typical of the method standards cited, utilize available equipment and are performed within normal time restraints. Unit charges do not include the personnel time associated with:

- Finalized Special Inspection Reports, Summarization or Analysis of Program Test Results
- Coordination with Engineers, Architects and other Program Principals
- Unscheduled Deadline Demands (Accelerated Work)
- Pick up or Delivery of Samples
- Quality Assurance Audits
- Test Program Supervision

Routine charges are in addition to hourly rates for field personnel (billed at our senior technician labor rate). Subcontractor services provided by others, such as drilling services, are charged for at the subcontractor's charge to Condor plus fifteen percent. Unless prior arrangements are made for storage, samples will be disposed of 60 days after date of report.

OTHER TESTING AND INSPECTION SERVICES

Costs associated with unusual or time consuming sample preparation, laboratory consultation, and other work not covered by routine unit prices, will be based on our senior technician labor rate plus expenses. Such sample preparations may include extruding tube samples and processing bulk samples to obtain material for preparing reconstituted specimens. Quotations of probable cost for specific program requirements (including special services, volume discounts, specialized equipment, etc.) will be provided upon request.

LIMITATIONS

Condor's laboratory services are provided in accordance with the listed standard and performed within industry standards. Client agrees, by signature on Work Order Agreement, that Condor is not liable for any claims directly or indirectly related to laboratory services beyond providing the results of the performed tests. Under no circumstances, however, shall CONDOR have any obligation to defend independently or collectively CLIENT or other Indemnified Parties from and against liability for damages that may arise or be attributed to work performed by CONDOR under this Agreement. Nor shall CONDOR have any obligation to pay for or compensate any party for their defense costs or fees.
