Daniel Atkins Grade Level Coordinator

Jennifer Osterhout Grade Level Coordinator The Connections Visual and Performing Arts Academy is a charter school serving grades 7-12 located on the Summerville High School campus in Tuolumne, California. Connections VPAA opened its doors to 50 7th and 8th grade students in the fall of 2002. Each year after that, one more grade level was added, until Connections had its first graduating class in June of 2007. Currently, the enrollment in Connections is 228 students.

Connections VPAA and Summerville High School have a unique and cooperative relationship. The two programs are integrated on the same school campus, and students in each school benefit from the programs offered. The focus of Connections is visual and performing arts, and has drawn students from throughout the county who have a strong interest in these courses. Because of the strong enrollment in this program, several levels of art, choir, theater, music and dance classes are available, which strengthens the elective program for both Summerville and Connections students. Connections students are in turn able to benefit from the strong academic program existing at Summerville High School, and participate in athletics, ASB, school clubs, and the school band.

Because Connections VPAA is a charter school, specialized classes in non-core areas can be offered by non-credentialed teachers. This has allowed the program to develop specialty classes for academy students, such as ballet, academy theater, and a technical theater course. Another benefit of operating as a charter school is that students who live outside of the Summerville High School District attendance boundaries may attend Connections without applying for an interdistrict attendance agreement. Students choosing to enroll in Connections sign an academic agreement which requires students to commit to enrolling in two visual and performing arts electives each semester, maintain grades of C or above, and demonstrate good attendance and behavior. Academically, Connections VPAA students have performed very well on standardized tests.

Our vision statement is "Achieving academic excellence through artistic expression."

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <u>https://www.cde.ca.gov/ta/ac/sa/</u>.
- For more information about the LCFF or LCAP, see the CDE LCFF web
 page at <u>https://www.cde.ca.gov/fg/aa/lc/</u>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
 School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Summerville High School had all roofs replaced during the summer of 2018. The exception was the 400's wing which will be addressed as a high priority for the 5-year deferred maintenance plan. Also in the summer of 2018, Summerville High the majority of the HVAC units replaced as a part of the Prop 39 funding.

During this 2018-2019 school year, we will be moving forward with our last two 2012 bond projects. These include a new art building and a covered eating structure. All will be completed and in use by August 1, 2019.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

	2017-18 CAASPP Results for All Students					
Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)						
Subject	Sch	ool	District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	83.0	79.0	52.0	50.0	48.0	50.0
Math	44.0	46.0	27.0	33.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parent involvement is a critical element of the success of the Connections VPAA and its students. Parents have formed an active booster club, "C.A.S.T.", which is the acronym for the "Creative Arts Support Team." There are also monthly meetings of the Connections Advisory Board, comprised of eight elected parents and the principal. On a regular basis, 10- 15 parents attend the Advisory meetings to discuss budget, programs and upcoming events. Connections parents are also active on the Summerville High School Site council, the School Improvement Committee and the WASC leadership team.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The School Safety Plan is reviewed and updated each month with the School Site Council, which includes parents, staff and students. Several modifications to the safety plan have been made in the past two years. The safety plan is annually presented to the Governing Board in March of each year. The last approval was in March, 2018.

The key elements of the plan include: On site and off site evacuation; Secure school situation; Duck and cover; Lockdown for active intruder; Suicide prevention and response; Natural disasters and weather related emergencies Physical and social climate.

Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Three full days are set aside each school year for inservice training for the teaching staff. In addition, monthly staff meetings are used for both the presentation of information, discussion, and professional development.

Teachers are encouraged to attend professional development off campus as well. For example, AP Institutes, CAASPP trainings, the Rock Star training for teachers in technology, and NGSS trainings for science teachers.

During the 2016-17 school year, the district hired Julie Adams of Adams Consulting to provide 5 days of inservice training and classroom visits on the topics of effective instruction and building positive relationships with students. Two teachers and the principal attended a training on "Get Focused...Stay Focused" and one of those teachers attended a followup summer training on implementation of the new curriculum. An administrator who was new to Special Education attended a year long academy on Special Education. Also, the science department attended several days of NGSS training.

During the 2017-18 school year, the focus of professional development was technology, supporting struggling learners, and academics. The social studies teachers were able to attend the National Teachers of Social Studies Conference in November. Each month, a teacher provides explanation and instruction on different educational apps, and a half day workshop was provided to teachers on using Google Classroom. An administrator has provided training on intervention strategies, and two trainers from an outside organization provided resources to teachers on suicide prevention strategies for students.

During the 2018-2019 school year, the focus has been on continued implementation of NGSS, English teachers are attending Expository Reading and Writing Curriculum (ERWC) training for all grade levels 7-12. Math teachers are working on collaboration for instructional strategies and benchmark assessments. Our arts staff have opportunities to visit other schools, and attend professional development seminars as well. Administrative staff has provided multiple training opportunities to staff on differentiated instruction strategies , CPR and First Aide, state mandated safety training and regular training as safety plan continues to be updated. The district hired a new superintendent who attended the ACSA Superintendent Academy in Sacramento.

Career Technical Education Programs

Connections Visual and Performing Arts Academy offers several courses specifically focused on career preparation and preparation for work. During the 2017-18 school year these courses included: Intro to Agriculture, Ag Biology, Advanced Animal and Plant, Veterinary Science, Ag Leadership, Manufacturing, Mechanics, General Automotive, Advanced Automotive, Speech, Debate and Court Law, Introduction to Law Enforcement, Advanced Law Enforcement, Keyboarding, Advanced Keyboarding, General Business, Accounting, Work Experience, and Elementary School Assistant, and Fire Science. These courses meet a variety of Elective requirements, Graduation requirements and A-G requirements. They prepare students for career and college. Several CTE Pathways provide an avenue to work upon completion of high school. Teachers practice diffenetiated instruction and make appropriate accommodations for Special Education and Section 504 students in order to ensure all levels of learners have accessibility to CTE courses. CTE courses and pathways are evaluated anually to ensure they are meeting the needs of our student population. Evaluations consist of student performance data, course content, stakeholder feedback, and student surveys to determine which courses will be offered the following year. The primary representative of the district's CTE advisory commieett is Tom Dibble. Industries represented on the committee include Education, Auto, Agriculture, Business, and Law Enforcement.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <u>https://dq.cde.ca.gov/dataquest/</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
